

UNITED STATES DISTRICT COURT  
EASTERN DISTRICT OF MISSOURI  
NORTHERN DIVISION

## **MEMORANDUM AND ORDER**

This matter is before me for calculation of plaintiff's initial partial filing fee. Plaintiff previously claimed to have a financial hardship, and the Court did not require him to pay the initial filing fee at the beginning of this case. He has submitted a recent account statement, which shows that he has an average monthly deposit of \$89. Under 28 U.S.C. § 1915(b), he is required to pay an initial partial filing fee of \$18. Plaintiff's account statement shows that he spends his money on discretionary items at the canteen. He is not suffering a financial hardship. So, if he does not timely pay the initial filing fee, I will dismiss this action without further proceedings.

Accordingly,

**IT IS HEREBY ORDERED** that plaintiff must pay an initial partial filing fee of \$18 no later than **September 1, 2015**. No extensions will be granted.

Dated this 11<sup>th</sup> day of August, 2015.
